Drink Recipe:
Watermelon Rum Punch

Makes about 12 servings

Light and refreshing for a heated afternoon. Using a melon with seeds has double the amount of flavor then without.

1 cup	water
1 cup	granulated sugar
1/2 medium	watermelon, seeded, blended and strained for the juice
12 ozs	light rum
	crushed ice
	mint leaves

In a saucepan bring water and sugar to a boil, to create simple syrup. Set aside and let cool completely.

In a large bowl, combine the simple syrup, watermelon juice and rum. Pour over ice. Garnish with mint.
